

## Sustaining Gift via EFT

Announcing an easier way  
to make your gift to  
Michigan Radio

### Why make a Sustaining Gift?

The ease and convenience—Sustaining gifts are charged automatically to your account each month (until you tell us to stop).

The impact—By reducing postage and mailing costs, recurring gifts enable Michigan Radio to spend less on overhead, directing more money toward the programs you rely on.

The difference—Spreading your support over time is easier on your budget and ensures ongoing, reliable revenue for the programs that are important to you.

### Is a Sustaining Gift reliable?

Yes, it is safe and secure. The University of Michigan is PCI-compliant and stores only enough of your information to complete each transaction.

### How do I set up a recurring gift?

Complete the form below with your signature and return it to Michigan Radio.

### When will I receive a receipt?

You will receive one consolidated receipt for your sustaining gifts. Receipts are emailed in late January for gifts made the previous calendar year. If you prefer a hard copy, please contact us.

### What happens if I have an updated account number or I want to modify my gift?

If you change your checking account information please call us toll-free at 866-203-1136 if you wish to change accounts or participation.

**To begin or modify your sustaining gift**, simply complete this authorization form, attach a **\*voided** check and return it to the following address:

Michigan Radio  
The University of Michigan  
535 W. William Street, Suite 110  
Ann Arbor, MI 48103-4978

\*If you prefer a photocopy of a **voided** check can be used for account verification.
